

MR3823233 03-06

★**Logic, methodology and philosophy of science—models and modelling.**

Proceedings of the 15th International Congress (Helsinki) held August 3–8, 2015.

Edited by Hannes Leitgeb, Ilkka Niiniluoto, Päivi Seppälä and Elliot Sober.

*College Publications*, [London], 2017. *xv+445 pp.* ISBN 978-1-84890-229-9

**Papers in this collection include the following:**

{For the 14th Congress see [MR3823232].}

Johan van Benthem, “Logic in play”, 3–39. MR3822826

Patricia Blanchette, “Models in geometry and logic: 1870–1920”, 41–61. MR3822827

Juliette Kennedy and Jouko Väänänen, “Squeezing arguments and strong logics”, 63–83.  
MR3822828

Philip Welch, “Global reflection principles”, 85–103. MR3822829

Edwin Mares, “Logic revision: some formal and semi-formal techniques for logic choice”,  
105–123. MR3822830

Gillian Russell, “An introduction to logical nihilism”, 125–135. MR3822831

Paul Thom, “Intensional logic before Leibniz”, 137–152. MR3822832

Maria Carla Galavotti, “On some French probabilists of the twentieth century: Fréchet,  
Borel, Lévy”, 155–173. MR3822833

Anne Fagot-Largeault, “Patrick Suppes: from logic to probabilistic metaphysics”,  
175–188. MR3822834

William Demopoulos, “Logical empiricist reconstructions of theoretical knowledge”,  
189–205. MR3822835

Arnaud Pocheville, Paul E. Griffiths and Karola Stotz, “Comparing causes—an  
information-theoretic approach to specificity, proportionality and stability”, 261–286.

Eleonora Cresto, “Models and modeling in formal epistemology: some thoughts on  
probability aggregation”, 349–366. MR3822836

Uskali Mäki, “Modelling failure”, 381–400. MR3822837
